

THE NEW C 63 AMG

Mercedes-Benz

You've never been so close to the road.
The new C 63 AMG

on the race track. This car's responsiveness makes every drive a joy, every corner a highlight, every touch of the accelerator an action with thrilling consequences. Then there's the distinctly sporty and independent look which underlines the car's road-hugging characteristics and reflects the athletic, muscular feel of this high-performance sports star.

The similarities between the C 63 AMG and its racing counterpart are immediately apparent. Take a look, for example, at the impressive diffuser-look AMG rear apron with its three distinctive diffuser fins. On the right and left the chromed twin tailpipes of the AMG sports exhaust hint at this car's tremendous power and deliver a sound which produces goosebumps the moment you start the engine. The AMG spoiler lip on the rear of the Saloon increases downforce at the rear and is as standard a feature on the C 63 AMG as the LED tail lights.

Even at a standstill, the C 63 AMG oozes dynamism: the AMG front apron with its side air outlets and integral, circular chrome-ringed fog lamps and the AMG side skirts not only indicate the bullish power inside but also reflect this car's perfect aerodynamics. And for all those who like their wheel size to reflect the power too the AMG *PERFORMANCE STUDIO* offers the option of 19-inch multi-spoke AMG light-alloy wheels, with a high-sheen titanium grey paint finish and mixed-size tyres, 235/35 R 19 at the front and 255/30 R 19 at the rear.

Distinguishing features: power, dynamism, character. The C 63 AMG is a car you can't fail to notice. Take, for example, the independent styling of the front end with its flared wheel arches – designed to accommodate the newly developed, broader front axle – and the distinctive powerdomes on the bonnet. Or the two-louvre, chrome-trimmed AMG radiator grille, framed by dark-tinted headlamp lenses which are exclusive to the most powerful C-Class and which are only available in conjunction with the optional bi-xenon headlamps.

Take-back of end-of-life vehicles. Coming full circle

At the end of its long life, you can return your AMG vehicle to us for environment-friendly disposal in accordance with the EC End-Of-Life Vehicle Directive¹. But that day lies a long way off.

¹Applies in accordance with national regulations to vehicles up to 3.5 tonnes permissible gross weight. AMG vehicles have met the statutory regulations governing the suitability of their design for reuse and recycling for a number of years now. A network of vehicle take-back depots and dismantlers has been established which will process your vehicle in an environment-friendly manner. The ways in which both vehicles and parts can be recovered are subject to ongoing development and improvement. Consequently, AMG vehicles will be able to comply with any future increases in the recycling quota within the stipulated time limits. Further information can be obtained by calling 00800 1777777.

Please note: changes may have been made to the products since this brochure went to press (31.07.2007). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure has been compiled by DaimlerChrysler AG of Germany and is distributed internationally. It provides a general indication of the range of models, features, optional extras and/or colours available in various countries. Some of the models, features, optional extras and/or colours shown may not be available in your country or may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras and/or colours available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz Passenger Car Dealer.
